Product Brochure

About us

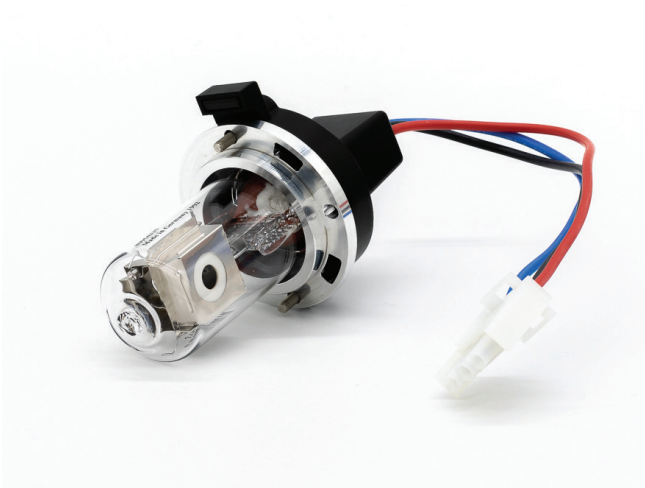

25 years in the industry

- Selling consumables and service parts for all major chromatography instrument manufacturers.
- Offering servicing within the UK.
- Our exchange program offers customers the chance to purchase good, quality, fully refurbished and tested parts for low cost in comparison to original list prices.
- LC Services is proud to promote our alternative D2 lamp range, which we ship to customers and distributors worldwide.
- Boast a complement of 10 in house and 10 field service engineers.

Deuterium Lamps

We are proud to promote our quality alternative Deuterium Lamp range for HPLCs Detectors.

Our catalogue of D2 lamps are competitively priced and come with an industry standard of 2000 hour lifetime.

We ship worldwide

Our range includes lamps for various manufacturers such as Agilent, Dionex, Gilson, Perkin Elmer, Shimadzu and Waters.

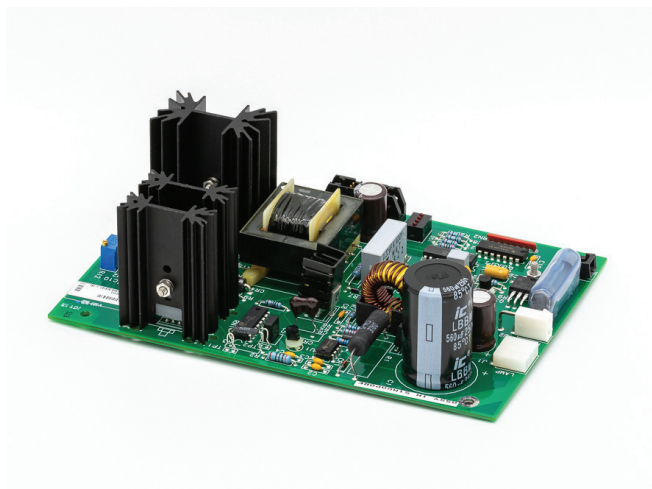

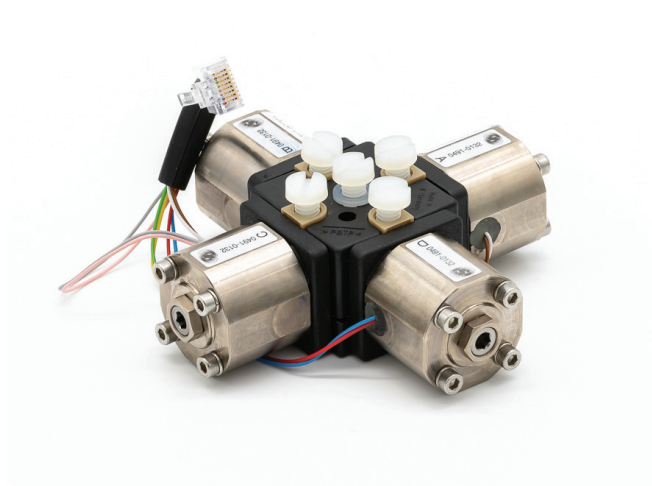

Service Exchange Parts

We supply the service industry with a large stock of refurbished and exchange service parts, including parts that are no longer supported by the OEM.

With our exchange service programme, we can offer exchange and refurbished parts for major OEM instrumentation, all qualified and offered with 6 months warranty.

We have a global support network with partners in Germany, USA and Asia.

Rough Pump Exchange

LC Services can offer a great exchange programme for vacuum/rough pumps.

With over 15 years of experience performing refurbishment and overhaul on vacuum/rough pumps, covering a variety of brands such as Edwards, Pfeiffer, Varian and Leybold, each pump is tested to specifications provided by the manufacturer's manual.

All supplied with 6 months warranty.

Consumable Parts

We have an extensive range of alternative consumable parts, including seals, pistons and valves for all major chromatography systems and manufacturers.

Quality parts and accessories equipped to fit all of your systems needs from gas chromatography to HPLC systems.

Our facilities and wide stock range means we are able to distribute items with same day dispatch and next day delivery.*

Service

- We offer on-site instrument servicing for UK customers.
- Boasting a compliment of 10 field engineers, we are able to call out within 48 hours.
- Covering all major brands.
- Customers can choose from 4 separate plan types or pay for a one-off call-out charge.

Training

- We offer training from our LCS headquarters in the UK and welcome anyone from around the globe to visit and receive training.
