

PARTS & CONSUMABLES

To complement our HPLC, GC, GCMS and ICPMS servicing & calibration, LC Services Ltd are pleased to supply a comprehensive range of parts, and accessories. LC Services Ltd supply the industry from large stocks of OEM and alternative parts, and are UK distributors for the Entech range, Bischoff columns, Schmidlin gas generators and ERA TOC.

With our on site laboratories and workshops, we can also offer wide range of D2 lamps, exchange and refurbished parts, modules and rough pumps for major OEM instrumentation such as Agilent, Waters, Akta, Dionex, CTC, Edwards, Varian and Pfeiffer, all qualified and offered with our own warranty.

Various re-conditioned instrumentation also available on request.

As part of our commitment to ISO9001, we guarantee to monitor and evaluate our performance on a regular basis, to ensure you continue to enjoy the very best service.
